# Ford Mustang

## Decisions, decisions, decisions.

You're looking at three superbly crafted machines. Each with a driving force all its own.

**Mustang GT.** The Boss. It packs a 5.0 liter High Output V-8 engine, a five-speed gearbox and a performance suspension with front and rear stabilizer bars.

**Mustang Convertible.** This is Mustang at its uninhibited best. An electric convertible top that folds on command to transform car to convertible in seconds. Real rear windows that really roll down. And a 3.8 liter fuel-injected V-6 engine.

**Mustang SVO.** The newest, most sophisticated Mustang. 175 horsepower\* turbo-charged four-cylinder engine with intercooler.

Koni® gas-filled shocks. Four-wheel disc brakes. Close-ratio five-speed gearbox. And articulated driving seats.

That's all we'll say. The machine speaks for itself.

"Quality is Job 1" means more than an ongoing commitment. It means results.

A recent survey concluded Ford makes the best-built American cars.\*\*

Mustang GT, Convertible or SVO. Find your Mustang. Make your move.

\*Based on SAE standard J1349.

\*\*The survey measured owner-reported problems during the first three months of ownership of 1983 cars designed and built in the U.S.

Get it together — Buckle up.

**Have you driven a Ford... lately?**

# WHO'D LET A 23-YEAR-OLD WORK WITH THE WORLD'S MOST SOPHISTICATED LASER SYSTEM?

Or evaluate primary sensor performances of multimillion dollar satellites?

Or manage millions of dollars a year in defense contracts?

The Air Force, that's who.

If you're a talented, motivated electrical engineer or plan to be, you don't have to wait to work with the newest, most sophisticated technology around.

You can do it now, as an Air Force officer working as an electrical engineer.

Don't get us wrong. We don't hand it to you on a silver platter. You have to work for it. Hard.

But if you do, we'll give you all the responsibility you can handle. And reward you well for taking it.

You'll get housing, medical and dental care — and excellent pay that increases as you rise in rank.

Plus there are opportunities to attend graduate

school. If you're qualified and selected, we'll pay 75% of your tuition. Those with special qualifications can even study full time, at no cost.

So plug into the Air Force. Because when it comes to technology, the Air Force can help you achieve great sophistication at a very tender age.

## **About The ACT-COMP**

The ACT-COMP is a test designed to assess the skills that students learn in their general education program and how well the student can apply these skills for effective functioning in a variety of adult roles. It is not meant to test knowledge gained in a specific major or discipline, but rather to evaluate the student's ability to receive information in a variety of formats, analyze the information, and respond, in terms of actions and values, to situations related to adult roles in society. Questions are based on excerpts from television documentaries, recent magazine articles, ads, short stories, art prints, music, discussions, and newscasts.

Scores on the test will be returned to the student, along with information on the percentile rankings of the scores relative to a national group and the local MSU group with which the student was tested. The report includes not only an overall total score, but also subscores in the following areas:

- Functioning Within Social Institutions
- Using Science and Technology
- Using the Arts
- Communicating
- Solving Problems
- Clarifying Values

A description of each subscore area is included with the score report.

There is no required score for graduation. However, a good set of scores, which show a ranking in the top half of the comparison group, may be a useful tool in seeking employment and references, and in verifying that you can function and communicate well in a variety of situations.

All courses are non-credit. Five options are available for the 1984 session: Intensive English with twenty-three hours a week instruction; Semi-intensive English with fifteen hours a week instruction, evening classes four hours a week, TOEFL preparation, and pronunciation classes also taught in the evening.

## VA EDUCATIONAL BENEFITS

IT IS THE STUDENT'S RESPONSIBILITY TO BE AWARE OF AND FULFILL ALL REQUIREMENTS FOR RECEIPT OF G.I. BILL BENEFITS.

Any student using VA Educational Assistance (G.I. Bill Benefits) at Memphis State University should contact the Office of Veteran's Services (Room 212, Scates Hall, 454-2996). New students should be prepared to furnish the following items as needed: an original or VA certified copy of their DD 214, or other armed forces separation papers, a copy of their Delayed Enlistment Contract, copies of their children's birth certificates, a copy of a divorce decree if either vet or spouse was previously married, their VA file number if benefits have

been used previously, and a transcript from any college or university previously attended.

The VA places restrictions on those receiving veterans educational benefits. Some of these restrictions include: regular class attendance, satisfactory academic progress, and adherence to a specific degree program. The VA will not pay for repeated courses if the grade already earned is acceptable for graduation requirements and major objectives at this University (This includes transfer credit), or for elective courses in excess of those needed to meet graduation requirements.

## Certification Reminders:

- (1) Register with the Office of Veterans Services every semester by completing a Veteran Data Sheet and Certification Request.
- (2) Report credit allowed for prior training in cooperation with your adviser by completing a "Request for Reevaluation of Prior Credit" form. These forms are available from the Office of Veterans Services.
- (3) Inform the Office of Veterans Services of any changes in major or degree pursued, address, marital status, or number of dependents claimed.
- (4) After registering report to the Office of Veterans Services immediately all changes in class schedules including adds, drops, section changes, cancelled courses, and withdrawals.
- (5) Obtain a degree posting sheet/formal degree plan from your adviser, and furnish a copy to the Office of Veterans Services, as well as keeping a copy for your personal files.

For more information on eligibility requirements, monthly pay rates, and other services available, contact the Office of Veterans Services.

## ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after May 1 cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to that date. Anyone failing to do so cannot be assured of being considered for admission.

## New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 167, Administration Building, or by telephoning 454-2398.

## Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from Room 167, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

## Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

## Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

## Persons 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons who will become sixty (60) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons who will become sixty-five (65) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$17.50 per undergraduate semester hour, or \$24 per graduate semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

## REGISTRATION PROCEDURES

Registration dates for the three terms of the 1984 summer are found in the Registration and Summer Sessions Calendar. Specific details of these registrations are as follows:

**First Summer and Extended Terms:** Students must register on June 4 or 5 for courses offered during the First and Extended Terms. Students may also register on these dates for courses offered during the Second Summer Term. The time on the "Registration Appointment Card" must be used for this registration. The specific dates for adding and dropping courses are in the Registration and Summer Sessions Calendar.

**Second Summer Term:** Students who have not previously enrolled for Second Term courses may do so on July 16. Students are also permitted on this date to add and drop Second Term courses for which they have previously enrolled. A special "Add/Drop Appointment Card" is sent prior to the Second Term registration to all students who have previously registered for courses.

*NOTE: Students registered for the First Term do not register for the Second Term. They add courses with a "Change of Course" application.*

### IMPORTANT:

1. Read carefully all instructions found in your registration materials.
2. Registration on June 4 or 5 will insure class space in the course being taught in the Second Summer Term.
3. Students registered for the First Term or Extended Term do not register again for the Second Term. They add courses with a "Change of Course" application.

Students who do not register on June 4 or 5, but who wish to register for Second Summer Term courses must report at the times indicated on the card accompanying the registration materials.

A \$5 add/drop charge is not charged on course changes processed on July 16. The charge will apply to adds/drops processed at any other time during the scheduled add/drop period. Students who fail to register during the regular registration periods may do so during the late registration periods. A \$10 late registration fee is charged.

## (1) CONSULTING WITH ACADEMIC ADVISER

### Current Students

Current Memphis State University students are encouraged to see their academic advisers well in advance of registration, preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an adviser's signature prior to entering the registration center.

To find where an adviser will be located for assistance in class scheduling, go to the Packet Center located in Mitchell Hall, when it is open, and in the Late Registration Center, during the late registration period. Please consult the registration calendar for dates and times these Centers will be open.

*During late registration academic advising occurs in the academic department, where faculty advisers are generally available except when they are teaching. Assistance in locating an adviser can be obtained in the Department Offices or in the Late Registration Center.*

### Handicapped Students

Preferential scheduling is offered to some disabled students to allow them reasonable opportunity to plan around disability-related needs. Students eligible for this service include those with mobility impairments, visual or hearing impairments, dyslexia and others who must accommodate medical or educational needs arising from a disability. Attendants for handicapped students are also eligible.

Preferential scheduling is begun prior to regular registration. Students using this procedure should see their adviser, fully complete the "Student Schedule" form and take it to the Handicapped Student Service Office well in advance of the beginning of registration. The desired class cards will be pulled before registration opens and will be held on reserve in the Records Referral Center at registration.

Handicapped students may go through registration at any convenient time after the appointment time assigned in the registration packet. After being cleared to register, they should proceed directly to the Records Referral Center and pick up their envelope of reserved cards. From there they must proceed through the regular line to complete registration.

If a student for whom cards are pulled in advance should for any reason decide not to complete registration, notification must be given to the Handicapped Student Service Office so that the reserved cards may be returned to the departments for use by others.

All reserved cards that are not picked up during regular registration will be transferred to the Referral Desk at late registration. Handicapped students may ask for a waiver of late fee on the basis of handicap if their cards were reserved in advance. However, students who can go through regular registration are encouraged to do so rather than going through late registration.

For further information and specific details, please contact the Director of Handicapped Student Services, 215 Scates Hall, or call 454-2880.

### New and Readmitted Students (Undergraduate)

All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an adviser. Students who have not seen an adviser will be assigned one.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an adviser. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

### Evening (Undergraduate)

New and Readmitted Undergraduate students enrolling in evening and/or Saturday courses only may obtain the required registration and advising information in the Evening Academic Services Office, Room 167, Administration Building.

### Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 167, Administration Building for advising assistance.

## New and Readmitted Students (Graduate) — Day & Evening

New graduate students are directed to an adviser following their admission. Students classified as Graduate Special or Graduate Provisional, should go to the Graduate School Office, Room 315, Administration Building for an adviser.

Readmitted graduate students having a major should contact the department of their major for the assignment of an adviser. Readmitted graduate students not having a major should contact the Graduate School Office for an adviser.

## (2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

## Current Students

Registration materials are mailed to the permanent address of all regular students currently enrolled, with the exception of those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

## New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

## (3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

**Registration appointment times** — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

## REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

## Special Courses

**Credit/No-Credit Courses** — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate Bulletin.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form, and secure adviser's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

**Audit Courses** — The student must: (1) Obtain academic adviser's approval; (2) Go to the department in which course is taught and pick up "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate Bulletin.

## Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards.

Cards are at the Center during evening late registration hours.

## ID CARD

**ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.**

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 204 Scates Hall. A student will be charged \$10.00 to replace a card that has been damaged, stolen, or lost. A charge of \$2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time ID card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

## (4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship" or "Authorized Billing" stations in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

**Students may not register until all outstanding financial obligations have been cleared.**

### Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A \$10.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Returned checks, used as payment of registration fees, may result in deletion of the student from the class roll. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

## FEES AND DEPOSITS

### Courses in Applied Music

The fee of applied music is \$30.00 per semester for each one-half hour lesson.

### Music Locker Deposit

Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of \$3.00 for one semester or \$4.00 for two semesters is required on each locker issued. This deposit, less a service charge of \$1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

### Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay \$5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office, Room 151, Administration Building. A reduced fee of \$4.00 is charged for vehicle registrations after January 1, and \$2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

### ROTC Deposit

A uniform deposit of \$10.00 is required of each student who enrolls in the Army and Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

### Laboratory Deposits

Certain courses in chemistry require breakage deposits from \$10.00 to \$20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

### Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of \$4.00 for the locker and towel issued them. Students must provide their own lock.

### Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged \$10.00 for any late registration following the official registration period.

### Adding and Dropping Courses

A fee of \$5.00 will be charged for each change-of-course form processed, regardless of the number of course or section changes included on the form.

### Transcripts

There is no fee for transcripts. However, the student will be charged \$1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

### Graduation Fee

Each candidate for a degree from Memphis State University pays a \$25.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

## STUDENT FEE REFUND PROCEDURES

### Maintenance Fees, Out-of-State Tuition, Music Fees

The following refund percentages apply to students who withdraw from the University or who drop to an hourly load below full-time.

1. 100% Refund: A full (100%) refund of fees will be made for courses cancelled by the University and for second Summer classes dropped on or before July 16, 1984.
2. 75% Refund: The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending for a period of time as noted in the calendar for each term.
3. 25% Refund: A 25% refund of enrollment fees is provided after the expiration of the 75% refund and concludes as noted in the calendar for each term.
4. 100% Refund in case of death.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

Note on the term calendar in the *Schedule of Classes* that the refund period ends earlier than the final deadline for dropping a course or withdrawing.

Refunds will be processed beginning approximately two and one-half weeks after classes begin.

### Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

### Credit by Examination or Placement Examination

The fee for taking credit by examination is a non-refundable fee of \$45.00, which must be paid prior to the examination. An additional \$15.00 will be charged for each hour in excess of three for which credit is awarded. A fee of \$15.00 per credit hour will be charged when an application for credit is made under the credit by Placement Examination policy.

## CHANGING ENROLLMENT STATUS

### Change of Course

After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the summer calendar. A fee will be charged for each change-of-course transaction before it is processed. *There is no charge for a change made as a result of the University cancelling a course.*

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

*Students enrolled in one course who wish to drop must withdraw from the University.*

**ADD/DROP FEES CANNOT BE WAIVED TO ACCOMMODATE CHANGES IN STUDENTS' OUTSIDE WORK SCHEDULES OR CHANGES OF HEALTH CONDITIONS.**

**Schedule conflicts** — Each student is responsible for preventing conflicts in the scheduling of his classes. *Students should check each class card which they are issued to insure that the course and section numbers, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.*

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has been closed and later reopened. *The University reserves the right to cancel courses or sections or to combine sections.*

**STUDENTS MAY ADD, DROP OR WITHDRAW FROM SECOND TERM COURSES ON THE CHANGE OF COURSE DAY, JULY 16, WITHOUT HAVING TO PAY THE ADD/DROP FEE. THE ADD/DROP FEE IS APPLICABLE AT ALL OTHER TIMES. THERE IS NO FEE FOR WITHDRAWAL FROM THE UNIVERSITY.**

### Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

### Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

**IMPORTANT: All changes should be made early in the term to insure their processing before the next semester.**

## GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, is mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

### Withholding of Grade Reports

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Records Office, Room 119, Administration Building.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD. NO GRADES WILL BE RELEASED BY TELEPHONE.

## ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University *Bulletin*.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 167, Administration Building, between the hours of 12:00 Noon-8:00 p.m. Monday through Thursday, and 8:30 a.m.-12:00 Noon on Saturdays.

Note: A student suspended for the first time at the completion of the Spring semester will be required to remain out of the University the subsequent fall semester as well as the summer session.

## PRIVACY RIGHTS OF PARENTS & STUDENTS NOTICE TO STUDENTS

The Family Educational Rights and Privacy Act of 1974, with which the University intends to comply fully, is designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Provisions for the release of information about students and the rights of students and others to have access to Memphis State University education records are as follows:

- A. Release of Personally Identifiable Student Education Records.
- Memphis State University shall not permit access to or release of any information in the Education Records which is specifically identifiable as referring to any student, other than Directory Information, without the written consent of the student to any party other than the following:

1. MSU officials and staff who have legitimate educational interests, including academic excellence, honor societies, and fraternities and sororities. Written requests from such officials or

organizations shall be sent to the Records Office, and proper identification will be required.

2. Officials of other schools in which the student seeks admission, if the student has executed a release form to that institution. (At a later date a request for academic information from another institution of learning indicating the reason will be honored as a matter of inter-institutional courtesy.)
3. Appropriate persons in connection with a student's application for or receipt of financial aid.
4. Federal or State officials as defined in the regulations concerning this law.
5. State and local officials authorized by State statute adopted prior to November 19, 1974.
6. Organizations conducting studies for, or on behalf of, Memphis State University for the purpose of assisting in accomplishing the University's stated goals, and when such information will be used only by such organizations and subsequently destroyed when no longer needed for the intended purpose. The Dean of Admissions and Records or his designate must approve requests of this nature.
7. Accrediting organizations to carry out their functions.
8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954. (Note: Husband or wife cannot get records of his/her spouse regardless of dependency.)
9. In compliance with judicial order or subpoena after the University has made a reasonable effort to notify the student.
10. Appropriate persons in connection with an emergency if such knowledge is necessary to protect the health or safety of a student or other persons. Verification of the conditions involved will be fully documented.

Note: All individuals and agencies who have requested or obtained access to a student's record (except as stated in A 1-7) will be noted in a record which is kept with each student's closed file. A request must be in writing stating the purpose of the request. This record will also indicate specifically the legitimate interest that the person or agency had in obtaining the information, and the information made available will be limited to that necessary to satisfy such demonstrable needs.

### B. Definitions:

- Educational Records. "Educational Records" is defined as those records, files, documents, and other material which (1) contain information directly related to a student; and (2) are maintained by Memphis State University or by a person acting for the University. They do not include: (1) personal notes; (2) records available only to law enforcement personnel; (3) employment records; (4) medical, psychological, and psychiatric records (these are accessible to the student's physician); (5) and records containing only information relating to a person after that person is no longer a student at the University. An example would be a record of accomplishments of an alumnus of the University.
- Student. A student is any person who is or has been enrolled at Memphis State University. Wherever "student" is used in reference to personal rights, an eligible parent of a dependent student has similar rights. This "eligible" parent is one who has satisfied Section 152 of the Internal Revenue Code of 1954, and who presents proof of such to the custodian. Normally, this will be notarized affirmation by the parent declaring that the student is a dependent for Federal Income Tax purposes.
- Directory Information. "Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full- or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office a written request that directory information for that student may not be released. This notification is effective only for the one semester for which the student is then regis-

tering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

- Access. To have access to an "Educational Record" is to be allowed to see the original record. It implies the right to obtain copies of that record.
- School Officials. School officials are those University employees with general or specific responsibility for promoting the educational objectives of the University. Employees whose responsibilities place them within this category include: teachers; faculty advisers; admissions counselors; academic advisers; therapeutic counselors and vocational counselors; degree analysts; employment placement personnel; deans, department chairmen, directors, and other administrative officials responsible for some part of the academic enterprise or one of the supporting activities; administrative and faculty sponsors of officially recognized clubs, organizations, etc.; members, including student members, of committees appointed by the President; and clerical personnel employed to assist University officials in discharging professional responsibilities. Access by these officials is restricted where practical only to students for whom they have professional responsibility and only to that portion of the student record necessary for the discharge of assigned duties.
- Legitimate Educational Interests. Legitimate educational interests are defined as those interests which are essential to the general process of higher education prescribed by various legislative acts and the body of policy adopted by the governing board. Legitimate educational interests would include teaching, research, public service, and such directly supportive activities as academic advising, general counseling, therapeutic counseling, discipline, vocational counseling and job placement, financial assistance and advisement, medical services, and academic assistance activities. In addition, the University officially recognizes appropriate co-curricular activities which are generally supportive of overall goals of the institution and contribute generally to the well-being of the entire student body and specifically to many individuals who participate in these activities. These activities include varsity and intramural sports, social fraternities and sororities, honorary and academic fraternities and sororities, departmental clubs, professional fraternities, special interest clubs, and student government.

#### C. Procedure for Gaining Access to Educational Records.

- To gain access, the student must request the custodian to allow him to peruse the "Educational Record," which request will be granted within a reasonable period of time. The student may ask for an explanation and/or copy of his "Educational Record." Examination will be permitted under conditions which will prevent alteration or mutilation of the record. A student must present proper identification upon request. Documents submitted by or for the student in support of his appli-

cation for admission or for transfer credit will not be returned to the student nor sent elsewhere.

- If the student believes the "Record" content to be inaccurate, he may submit a request for amendment of his record. Normally such matters will be satisfactorily settled in the course of informal discussion with the student. When this is not the case, the request and the challenge must be presented in writing to the record custodian who will inform the student of his decision within 45 days and of his right to a hearing. The student may then submit a written request for a hearing to the Dean of Admissions and Records who will (1) appoint an Appeals Committee consisting of four "Record" custodians (none of whom is custodian of the "Record" in question), with one of the four designated as chairman, and (2) designate a time and place for the first meeting and inform the student of the same.
- The Appeals Committee will convene with the student within 45 days from the date of the request, allowing the student, or his parents if the student is a dependent, to present relevant evidence. The student may be assisted or represented by counsel of his choice and at his own expense. A written decision based solely upon evidence presented at the hearing will be given the student within 45 days after the conclusion of the hearing, including a summary of the evidence and reasons for the decision and notification of his right to place a statement in the "Educational Record." Thereupon, the student may submit to the Committee a written explanation to be inserted into the "Record."

Note: This procedure does not provide for a hearing to contest an academic grade.

#### D. Right of Access Does Not Include:

1. Financial records of parents or any information therein.
  2. Confidential letters and statements of recommendation which were placed in the "Educational Records" prior to January 1, 1975.
  3. "Records" to which access has been waived by a student.
- E. No University office receiving student information shall, and all agencies receiving student information will be advised not to, release the information to another party without the written consent of the student.
  - F. The University retains all rights to the student's academic record and may withhold transcripts of the record because of unfulfilled obligations to the University.
  - G. Eligible students and parents have the right to file a complaint with the Department of Education concerning an alleged failure by the University to comply with the "Privacy Rights of Parents and Students" Act. Students may also file a complaint against the University in the office of the Dean of Admissions and Records. A copy of the Act may be read in the offices of the Associate Dean of Admissions and Records (Records), the Dean of Admissions and Records, or the University Council.

# SEPARATING THE BASS FROM THE BRASS IS MORE EFFECTIVE WHEN THE GRAPHIC EQUALIZER IS DESIGNED INTO THE CAR.

Appreciating the art of music in your car is a personal experience. Providing the means of enjoying that experience takes science. The kind Delco Electronics builds into all its Electronically Tuned Receivers (ETR™).

Like our ETR with graphic equalizer. It has five distinct frequency bands which let you actually shape the sound around you. Delco Electronics'

ability to design a music system from the time the model appears on the drawing board allows you to optimize the sound to your liking.

Combined with Delco's premium speakers, this receiver lets you customize the sound to your own personal taste...add a little rhythm to your blues, more pizzazz to your jazz, or mix the music any way you like.

Ask for a demonstration of Delco Electronics Music Systems (including the incredible Delco-GM/Bose Music System available on selected GM models) when

you buy your new GM car or truck. And experience the art of music...through the science of sound.

# When you graduate to the Air Guard, your future's looking up.

And so is our country's. Because the professional men and women of the Air National Guard do more than provide the major portion of our national air defense. They provide aid in state and community emergencies as well.

## Great benefits. Now and for your future.

By joining the Air Guard now, you'll be doing more than helping protect your community, state and home town. You'll be helping yourself.

Because the Air Guard is a part-time military job, you'll have plenty of time to pursue a civilian career. Or further your education which we may help you pay for.

What's more, we'll provide valuable technical training. The kind of training you could probably use to get a good civilian job or to advance in your chosen career.

Of course, you'll also receive low-cost life insurance, a retirement plan, base exchange privileges, and more. All for your part-time work in the Air Guard.

If you're ready to move ahead with your future, learn valuable job skills and earn extra income, call your Air Guard recruiter, toll-free, today.

**800/638-0936.\***

You'll find out why we say, "In the Air Guard, the sky isn't the limit."

# HOW BIC DOES IT FOR 20¢ BEATS ME."

John McEnroe doesn't hand out compliments easily. But the extraordinary ability of a 20¢ BIC to shave this smooth, close and comfortably left him momentarily speechless. And that's not easy to do.

Today's Chevrolet

# Cavalier's going like never before.

**Chevrolet Cavalier.** Cavalier sales are up over 100%\*. It's easy to see why. Front-wheel-drive Cavalier gives you some of the most advanced design and engineering you'll find today.

**More power than the leading imports.** Cavalier's 2.0 Liter, high-compression, electronically fuel-injected engine cranks out more horsepower than Honda Accord, Nissan Sentra and Toyota Tercel. And Computer Command Control is designed to help keep your powerplant running at its peak.

**New Type 10 Coupe.** Black-out trim, dual-outlet exhaust and available F41 Sport Suspension help make the Type 10 a quick, nimble, fun-to-drive car.

**Going, going, gone.** Compare Chevy Cavalier's price to the imports. Then compare value. Cavalier Sedan, Coupe, Hatchback and Wagon. Drive one today and see for yourself why Cavalier's going like never before.

Today's Chevrolet. Bringing you the cars and trucks you want and need. That's what Taking Charge is all about.

## First he rang the doorbell.

McGruff,  
The Crime Dog

©1981 The Advertising Council, Inc.  
A message from the Crime Prevention Coalition  
and the Ad Council.

Then he broke the door down. His victim, John Petross, was wounded, the crook got away, and the crime business was booming.

So John, his neighbors, and the cops fought back together with a Neighborhood Watch program.

In just two years, crime on John's block dropped 55% and property values doubled.

How 'bout that!

Find out what you can do. Call your local police or sheriff, or write to **McGruff, Box 6600, Rockville, Maryland 20850.** You can help.

## SEMESTER IN SPAIN

Not just for Spanish majors only, but for everyone: beginners, "in between" students, and advanced. Put some excitement into your college career!!

**BEGINNER OR ADVANCED** — Cost is about the same as a semester in a U.S. college: \$3,189. Price includes jet round trip to Seville from New York, room, board, and tuition complete. Government grants and loans may be applied towards our programs.

Live with a Spanish family, attend classes four hours a day, four days a week, four months. Earn 16 hrs. of credit (equivalent to 4 semesters

taught in U.S. colleges over a two year time span). Your Spanish studies will be enhanced by opportunities not available in a U.S. classroom. Standardized tests show our students' language skills superior to students completing two year programs in U.S. Advanced courses also.

Hurry, it takes a lot of time to make all arrangements.

**SPRING SEMESTER** — Feb. 1 — June 1

**FALL SEMESTER** — Sept. 10 — Dec. 22  
each year.

**FULLY ACCREDITED** — A Program of Trinity Christian College.

Step ahead of your time  
to sound that goes beyond ordinary stereo.  
And behind it, in front of it, and around it.  
**Ambience Sound™ from Panasonic.**

Remember when sound came from a left speaker and a right speaker? We called it stereo. And we thought it sounded pretty real. But that was before Panasonic Platinum Series™ portable AM/FM stereo cassette recorders with Ambience Sound—a totally involving experience in sound realism. Ambience surrounds you with rich, full-dimensional sound that seems to come from everywhere!

In the Platinum Series RX-5050 (shown above), Ambience Sound is

enhanced by a 4-band graphic equalizer that lets you shape the sound for the space you're in. Plus soft-touch controls, 6 LED meters for record level and FM tuning, automatic tape stop and a whole lot more.

You'll find all the features you're looking for in one of the 16 Platinum Series portables. And the sound you've been listening for, you'll find in Panasonic Ambience Sound.

## A unique solution to a serious turntable problem: Technics turntables with the P-Mount system.

Unfortunately, standard turntable design has left too much to chance in terms of cartridge mounting and performance.

Technics turntables with the patented P-Mount tonearm/cartridge system have changed all that. By providing complete compatibility between tonearm and cartridge to achieve the optimum tonearm resonant frequency: the level at which annoying bass frequency interference is minimized. For the accuracy and fidelity conventional turntables can deny you.

In addition, P-Mount is a plug-in system. You'll get outstanding performance without struggling to install the cartridge. There's nothing to wire. There's no longer a headshell. There's no more fumbling to calibrate overhang or stylus position. Tracking and anti-skating adjustments have been virtually eliminated.

Just plug any P-Mount cartridge into a Technics straight, low mass, high performance tonearm, and tighten one locking screw. With Technics, your records are now virtually immune to the groove wear, poor channel separation and distortion caused by improper cartridge-to-tonearm mounting.

Technics has standardized all key specifications with manufacturers of P-Mount cartridges: cartridge weight, external dimensions, connector shape, stylus position and more. So you can choose from a wide range of cartridges from virtually every manufacturer.

The P-Mount plug-in cartridge system. Just one of the many advances you'll find in the entire line of sophisticated Technics turntables. Including our surprisingly affordable new quartz-locked series.

The turntable revolution continues at Technics.

GOOD NEWS FOR STUDENTS AND EDUCATORS

# Radio Shack Introduces The First Low-Priced Recorder With Variable Speech Control\*

## Listen to Cassettes in Half the Time!

**W**ith the new Realistic® VSC-1000 you can listen to voice recordings at up to twice normal speed. And understand every word. Its patented VSC\* circuit electronically corrects pitch and shortens pauses. So instead of "chipmunk" sounds, you hear fast-paced, but otherwise normal-sounding speech. Radio Shack brings you this timesaving advance at the breakthrough price of only \$119.95. Think of the possibilities!

For example, you can record an hour-long lecture, meeting or news-cast and review it later in only 30 minutes. And since VSC works with any regular cassette made on any recorder, you can speed-listen to previously recorded notes, educational and language tapes, talking books, and more. VSC-1000 works on AC or batteries and operates as a standard recorder, too.

Discover how the affordable VSC-1000 can help you in the business of learning and save your valuable time. Visit Radio Shack for a personal "hands-on" demonstration, today.

*The Official 35mm Camera  
of the 1984 Olympic Games*

# Go for the Gold,<sup>TM</sup> with Canon.

## Official 35mm Camera of the 1984 Olympic Games

Perhaps more so than all other human endeavors, the energy and enthusiasm of Olympic competition produces an extra dimension of excitement for athlete and spectator alike. Every Olympian is already a champion, but their former successes only heighten their desire to win it all. To go for the gold.

As the Official 35mm Camera of the 1984 Olympic Games, we know that the only people who will be called upon to perform as consistently as the athletes, with equal precision and dedication to excellence—day in and day out at the peak of their performance—are the professional sports photographers whose job it is to capture the spirit of the games on film. They, too, are judged by their performance at the finish line. And they often only get one shot.

Canon is the world's leader in 35mm photography, with a wide variety

of SLR models and over fifty interchangeable wide-angle, telephoto, zoom and macro lenses that can be used with them.

The New F-1 is the Canon choice for professionals, featuring an incredible system of interchangeable components that allow the photographer to custom-tailor the camera to meet his needs.

The A-1 is the most advanced Canon automatic SLR camera, featuring six exposure control modes including programmed automation for focus-and-shoot convenience, shutter-priority, aperture-priority and stopped-down automation for creative control, auto flash and manual.

The AE-1 PROGRAM is so advanced, it's simple, providing both programmed and shutter-priority automation, plus auto flash and manual.

The new Canon T-50 provides all the sophistication of other Canon SLR's in an incredibly compact, affordable package complete with built-in Power Winder. Like all Canon 35mm SLR cameras, it accepts the entire line of over fifty interchangeable Canon FD lenses.

Whether you shoot sports, vacation or just fun family photos, do the very best you can. Go for the gold,<sup>TM</sup> with Canon.

# OF COURSE IT'S POSSIBLE TO GET GREAT FM SOUND IN YOUR CAR WITHOUT A PIONEER SYSTEM.

Cars move and radio stations don't. So the farther you get from the station, the weaker the signal becomes.

Which is exactly why you should go out of your way to equip your car with a new Pioneer sound system: Supertuner III and *Maxxial*™ speakers.

Supertuner III is an FM stereo car tuner with reception so clear, you'll think you're listening to a cassette.

No other car tuner compares. At any price. None. A fact that Pioneer continues to prove in road tests against the highest quality tuners currently on the market.

But what good would this be if the speakers distort. That's why you need

*Maxxial* speakers. Extremely efficient speakers that can handle up to 100 watts of Max Music Power. A rating system comparable to one of those used to measure the power handling of Pioneer home speakers.

*Maxxial* speakers are a complete line of the most popular sizes. And our line of universal fit Supertuner IIIs offer digital display, electronic pre-set tuning, auto reverse decks with Dolby,™ Music Search, tape guard. And more.

So if you want to hear music the way it was broadcast, take this word of advice.

Park the system you have in your car. And get moving on a new one from Pioneer.

 **PIONEER®**  
Because the music matters.

# ONE OF THE MOST BEAUTIFUL VALUES IN AMERICA.

If you think value and beauty are incompatible qualities in an automobile, think again. The 1984 Firebird is one car that delivers both, without compromise. From its aerodynamic styling and responsive 2.5 liter 4-cylinder engine with electronic fuel injection, to its sporty interior and affordable price, you're in for a thrill that's purely Firebird.

And along with its great street look, you get impressive Firebird roadability. Standard MacPherson front struts, power steering and power front disc brakes help provide precise maneuvering and exhilarating over-the-road performance.

Or, to tailor your Firebird even further, order the available instrumentation, dual sport mirrors, sport two-tone paint and custom wheel covers (shown).

The 1984 Pontiac Firebird. A remarkable combination of style and value. In fact, at \$8795\* it's one of the most beautiful values in America.

\*Manufacturer's Suggested Retail Price, as shown, including dealer prep. Taxes, license, destination charges and optional equipment additional.
